CONFIRMATION OF TELEPHONE ELECTION

Commissioner for Patents  
Washington, DC 20231

Sir:

RECEIVED  
DEC 13 2002  
TC 1700 MAIL ROOM

The Examiner in charge of the above-identified application telephoned applicants' representatives on December 6, 2002, to communicate an Election of Species among Species 1, claim 2; Species 2, claim 5; and Species 3, claim 7.

Applicants hereby provisionally elect, with traverse, species 1 for initial examination in this application. Claims 2-4 read on the elected species and claim 1 is generic to all species.

Applicants traverse the election requirement since all of species 1, 2 and 3 are sufficiently related that a thorough and complete search for species 1 should necessarily encompass a thorough and complete search for species 2 and 3.

Search and examination of the entire application can be made without serious burden. See MPEP §803 which states that "[i]f the search and examination of an entire application can be made without serious burden, the Examiner must examine it on the merits." This policy should apply in the present application to avoid unnecessary delay and expense to applicant and unnecessary duplicative examination by the USPTO.

For the foregoing reasons, reconsideration and withdrawal of the election requirement and examination of all species herein are respectfully requested.

Respectfully submitted,
